

Creating a sustainable future
through the power of investment

NEWS RELEASE

October 08, 2021

Asset Management One Co., Ltd.

Publication of “Sustainability Report 2021”

Asset Management One Co., Ltd. (“AM-One”; President & CEO Akira Sugano) is honoured to announce the publication of AM-One’s “Sustainability Report 2021”. This report comprehensively introduces the investment sustainability activities AM-One is actively engaging in.

AM-One has been publishing a “Stewardship Report” every year since 2018. This report informs stakeholders of AM-One’s philosophy and stewardship activities.

We are pleased to announce that the content of the “Stewardship Report” has been significantly expanded upon and the name of the report has been revised to “Sustainability Report”.

In this report, along with AM-One’s previously announced Corporate Message “Creating a sustainable future through the power of investment”, we introduce the overall picture of sustainability transformation activities being executed to integrate sustainability initiatives into our corporate structure. As with the previous “Stewardship Report”, this report introduces AM-One’s ESG initiatives, supported by a wealth of examples.

AM-One will continue to take sustainability seriously and aims to be an asset management company that contributes to creating a sustainable society and future for all clients.
